Career Objective

I am an aspiring web developer with a solid foundation in front-end and back-end technologies, including JavaScript, React, Node.js, and modern development tools like Vite and Next.js. My goal is to join a forward-thinking team where I can contribute my skills in building responsive, user-friendly websites and applications. I am committed to continuously expanding my knowledge, staying up-to-date with the latest industry trends, and applying best practices in coding. With a passion for problem-solving and a keen eye for detail, I am eager to take on new challenges and grow into a proficient and innovative developer.
